

COMPANY STORE DISCOVERY

The Company Store Discovery is the first step to building your customized online Company Store. These basic questions and answers will help us collect more details on the store that's perfect for you!

Let's get started!

- 1 Would you like a standard store design or a fully custom store design?
- 2 Should users have to enter a password to shop or should anyone be able to browse and self-register at checkout?
- 3 Will users have different store experiences from other users in the store?
 - Will different users be able to see different products or logos than other users once they log in?
 - Will different users have different payment options?
- 4 Do you want to give the shopper a logo choice?
- 5 Will there be product personalization?
- 6 Will there be inventory? If so, would you like to track live inventory?
- 7 Do you need a Gift Certificate Program or Coupons?
- 8 Will there be a budget (a cap or limit on spending) for groups or users?
- 9 Do you need Manager Order Approval System (MOAS)?
- 10 How will users pay for orders upon checkout? (Credit Cards, Purchase Orders, etc.)?
